## A MESSAGE FROM ELAINE & FRANK SCOTT

In February of 1992 Elaine and I made a decision to get fully involved in the intriguing and exciting business known to all as BARTER.

We started with America's oldest barter group, BXI. In 1996 we purchased a wonderful trade exchange in Savannah, Savannah Trade.

About eight years ago, our two exchanges were absorbed into ITEX as did all the BX operations across the country. We have enjoyed our time spent in the ITEX family and will continue to support the local office and our many friends across the US and Canada.

On December 31<sup>st</sup>, 2013 I suffered a stroke that has taken a lot of the drive and enthusiasm out of myself. With that in mind and with the support of my lifetime love and partner for the past 54 years, Elaine, we made the difficult decision to sell our operations to the Mike Ryan Group located in Tucker, GA.

Mike is well known to most of you and with his Senior Trade Director, Ms Lil Gulley, will offer you continued outstanding service as they have for almost 30 years to their many ITEX members across the Southeast.

It has been an honor and a pleasure to serve all of you over the past two decades and we look forward to seeing you at trade fairs and other ITEX functions in the future. This change goes into effect September 20<sup>th</sup> as we go about making a smooth transition to the Tucker ITEX center.

With All Respect and Consideration to all our many friends in ITEX
